ISO 27001 Lead Auditor
5 Days CQI-IRCA Certified Course

Mon 30 Sept — Fri 4 Oct 2019
Dreamland Hotel, Islamabad

Audit, Control & Manage your Organizational Information Security

Program Overview

This five-day ISO 27001 Lead Auditor training program is ideal for organizations and individuals to advance their competencies in information security management systems auditing or pursue a globally recognized certification. This training program enables you to develop the necessary expertise to perform an Information Security Management System audit by applying widely recognized audit principles, procedures, & techniques. Successful completion of this globally accepted qualification provides International recognition of your competencies in information security management systems, auditing, and leading audit teams.

Our Certified ISO 27001 Lead Auditor Trainer, helps you understand ISMS & Practical Auditing Process with a combination of official curriculum based training, practical exercises and relevant case studies with globally recognized certification.

Who Should Attend ?

Organizations planning to implement an Information Security management system under the umbrella of ISO 27001:2013 or individuals who want to further their career as an ISMS Auditor**:**

- Senior IT / IS / Business Managers
- ISMS Management Representatives
- Potential ITSM / ISMS 3rd-party Auditors
- Information Security Manager / Executives
- Network Managers/Executives/Administrators
- IT/IS Professionals/Business Continuity Managers
